Project to rehab multiple bridges over I-290

CHICAGO – The Illinois Department of Transportation announced today that repairs to five bridges that carry traffic over the Eisenhower Expressway (Interstate 290) from 25th Avenue, in Bellwood, to Circle Avenue, in Forest Park, passing through Maywood and Broadview, will begin, weather permitting, tomorrow, Tuesday, July 7.

To complete the work, traffic will be reduced to one lane in each direction just before each bridge. The project, which includes deck and structural steel repairs, will begin on the Fifth and 17th avenues bridges. Work will get underway later this year on the Ninth, 25th and Circle avenues bridges. The entire project is expected to be completed in summer 2021.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
